

## Getting Involved with TESL London

Getting involved with TESL London is a great way to serve your community, network, and gain PD credits! TESL London is always looking for members who will offer their time and expertise to build up our professional community by serving on a committee.

Each committee is composed of a Chair and one or more members. These committees are composed of individuals with varied backgrounds and experience, from different teaching sectors and affiliates. The scope and nature of the committee's work determines the membership on the committee. Each committee member commits to a one-year term with a possibility of renewal. Involvement in a committee is a prerequisite for those wanting to become involved on the board level.

**Professional Development Committee:** Join this important committee that plans and organizes PD opportunities including the Spring Conference and workshops throughout the school year. We are looking for members with administrative skills and an interest in professional development.

**Events Committee:** This committee was created to fulfill TESL London's objective of creating networking opportunities through social gatherings for members. Popular events include the Wine and Cheese, The Spring Fling, and the poster and essay contest. If you have experience or interest in event planning and social networking, we would love to have you as part of the team.

**Membership Committee:** The Membership Committee keeps up-to-date records of membership and ensures that the needs and concerns of members belonging to Adult, LINC, Secondary, Elementary, and Fee for Instruction schools are represented on the Executive Board.

**Communications Committee:** The communications committee is responsible for building strong communication lines between the TESL London board and TESL London members through our website, email, social networking sites, and other promotional materials. In particular, we are looking for members with an interest and aptitude in photography, document design and/or editing and writing skills.

If you are interested please email [tesllondon@tesllondon.org](mailto:tesllondon@tesllondon.org) . Introduce yourself and state which committee you are interested in joining. Also provide a brief description of the skills you feel you would bring to that committee. Feel free to ask questions.
